

Welcome Back From Break

Just a few spring cleaning reminders for our users. **First**, not cleaning related, the Lenel door issues seem to be resolving, but if you are still have issues we may need to reset your access. If you find your GatorOne card/mobile access is not working please stop by the front desk. If we have a staff member with Lenel access available we can reset your door access right then, if no one is available at that time to reset the access we will have you send an email to [NRFinfo](#) for staff to update as they are available. **Please do not send the email without testing your card first.** **Next**, reminder the NRF lab spaces are a community resource. Please clean up after yourself. Do not leave open sample materials on the lab counters unattended, and clean up spills and leftover materials promptly. If you have a hazardous materials spill be sure to notify others working near you, and staff. We do not offer long term storage for groups in our general lab spaces, please do not leave materials in our labs without making arrangements with staff first. **Finally**, for those working in the cleanroom, take a minute to survey the materials your lab group has stored in the green baskets in the cleanroom. While we do not charge for this storage space, our total available space for storage is limited. Please remove old materials, and anything no longer being used from the baskets and reduce your occupied space as much as possible. We can't make room for new and exciting research projects if all the old leftovers are hanging out in the baskets for years.

Upcoming NRF Events:

- **User Advisory Committee Meeting** - [ZOOM](#) + NRF115 - Thursday 3/27 at Noon - Come join the discussion and hear the updates first.
- **Game Night** - NRF 115 - Thursday April 17th at **5pm** Please [RSVP](#) so there are enough games and food for everyone attending.

*_

- **Ongoing:** New publication? Data collected at the NRF? [Click to tell us!](#)
 - Still writing? Check out our new easy acknowledgement [templates](#).
 - **Ongoing:** [Submit Photos for the Annual Nano Day Image Contest: It's very early but you can submit your image for the 2025 Contest \[HERE\]\(#\)](#)
-

Safety Side Note:

**It's easier to ask
a dumb question**

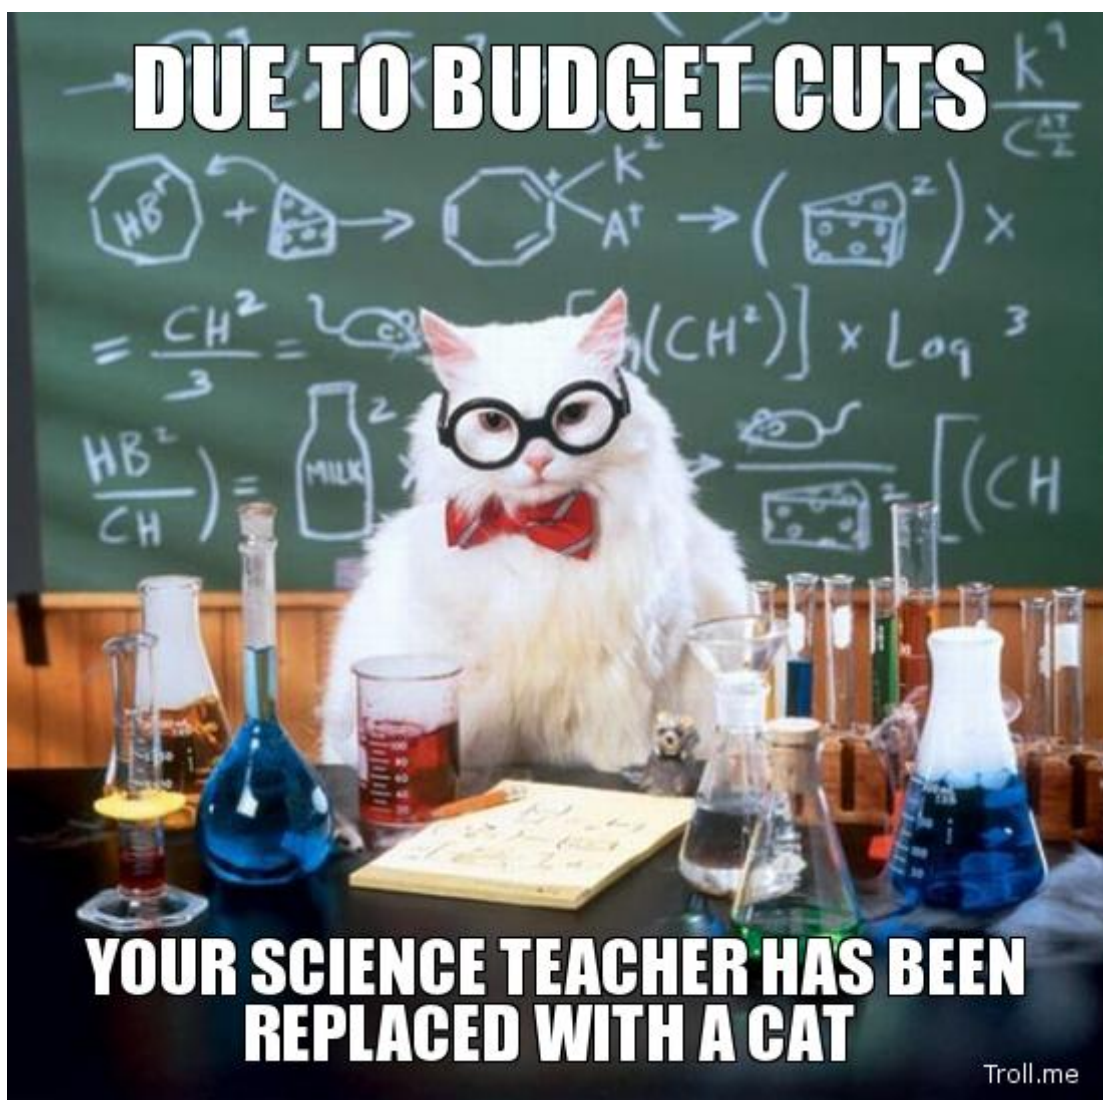

**than it is to fix
a dumb mistake**

**Staff are here to help, Please reach out if
you have a question**

The NRF staff are here and able to answer questions, and assist when needed. Not sure if your waste is compatible with an existing waste bottle contents? **Ask**. Not sure the best way to set up your experiment, or mount a tricky sample? **Ask**.

Don't want to be accused of asking a dumb question? Read the SOP, and if you don't find the answer there... **ASK**.

If we aren't busy training, or fixing things we can easily make time for questions.
